

Grants Policy

Introduction

Woodbridge Town Council recognises the immense value of voluntary and community activity and its contribution to residents' well-being, the local economy and the sustainability of a wide range of services which benefit visitors and people living and working in the town. The following policy and procedures are based on the principles of fairness, responsiveness to local need, generosity and accountability.

Woodbridge Town Council has the authority to make grants under the Local Government Act 1972, s 137, which allows a local authority to spend a limited amount on activities for which it has no specific power, but which the authority considers 'will bring direct benefit to the area, or any part of it or all of some of its inhabitants'. The Local Government and Housing Act 1989 added the requirement that the benefit obtained should be commensurate with the expenditure incurred. Whilst this Council gives grants under the General Power of Competence, it follows the rules for s137 as good practice.

Grant requests usually far exceed the funds the Council can earmark for this purpose when setting a budget for the year.

The aim of this policy is to enable the Council to make an informed and fair assessment of relative need and thereby seek to ensure that finite resources are distributed fairly and support the Council's priorities.

Principles

Recipients of previous grants should not assume that they will be awarded a grant in future years. Grants will be awarded on the basis of the criteria and assessment process set out in this policy as amended from time to time.
